

Facilities Management

From the provision of integrated support services bundled under one contract to the full Facilities Management of Hard and Soft services, we take away the headache of managing your premises and allow you to concentrate on your core business.

We organise our service around the clients and not around product lines or services. With shifting social, environmental and technological factors increasingly affecting the way businesses operate we pride ourselves in keeping ahead of developments and pace of innovation to always deliver best practice and value.

Just some of the services catered for are:-

- Daily Contract Cleaning
- Manned Guarding
- CCTV Management
- Mechanical Services
- Heating
- Ventilation
- Plumbing

- Electrical Services
- Access Control
- Building Management Services
- Wiring

- Lifecycle Services
- Fabric Maintenance
- Planned Future Maintenance

- Energy Management
- Waste Management
- Waste Collection
- Waste Recycling
- Integrated Waste Management

- Washroom Supplies and Services
- Janitorial Supplies
- Pest Control
- Grounds Maintenance
- Interior & Exterior
- Live & Replica

- Window Cleaning
- internal & External
- High Level
- Abseiling

Our dedicated management teams can understand the changes affecting your business and can provide a fully integrated facility service. With firm partnership and the ability to make informed decisions we aim to support you in all vital areas, with business support specialists in everything from HR to IT. Clients can benefit from an outside perspective, to objectively assess performance and develop an achievable plan for the future.
