The Bon Accord St Nicholas Shopping Centre comprises the established prime shopping location for the City of Aberdeen. The Bon Accord St Nicholas Centre benefits from footfall averaging over 270,000 people per week, making it one of Scotland’s busiest shopping locations.

“Andron were appointed as Cleaning contractors when the Centre was first built, and provided a magnificently diligent service from building site state through to opening and beyond, retaining the cleaning contract for 18 years adding an array of support services as well as the St Nicholas Centre contract along the way. Their quality of service, flexibility and superb local support really makes them stand out as a first class company willing to go the extra mile, and one which I wouldn’t hesitate to recommend.”
